## Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and ultimate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skilful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry Bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure of only of the disease named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's way to allege as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if you are in need of a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little pellet is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A volume of 100 pages, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Beauty Doctors Endorse Herpelide.

Women who make a business of beautifying other women can profit by knowing what will bring about the best results. Here are letters from two, concerning Herpelide:

"I can recommend Newell's 'Herpelide' as it stopped my hair from falling out, and, as a dressing it is superior."

(Signed.) Bertha A. Trullinger, 234 Morrison St., Portland, Ore.

"After using one bottle of 'Herpelide' my hair has stopped falling out, and my scalp is entirely free from dandruff."

(Signed.) Grace Dodge, 155 Sixth St., Portland, Ore.

Sold by leading druggists. Send 10c in stamps for sample to The Herpelide Co., Detroit, Mich.

## GRAVE CONDITIONS IN RUSSIA.

A dispatch from Katowitz, Prussian Silesia, says that 25 Cossacks surrounded a linekin at Miechow, in the Province of Kielce, Russia, Poland, yesterday, on information that it was being used for the manufacture of bombs.

As the Cossacks were forcing their way in a terrific explosion blew the kiln to pieces. Eight Cossacks were killed and five were wounded.

Rioting occurred yesterday among the employees of the government printing office, at Berlin, where the plates for the paper currency are engraved and printed.

The men left their work and went into the courtyard of the building singing the "Marseillaise." Gendarmes and Cossacks were summoned and drove back the demonstrators into the building, where, after some parleying, they returned to work.

The reign of crime and terrorism is so great in Warsaw, that the police have decided to resign. A few days ago, as a measure of protection against assassination by the revolutionists, the system of police beats was abandoned and the police were formed into patrols for mutual self-protection against bomb-throwing, etc. But this only made it easier for the terrorists to shoot them.

During the debate in the lower house of the Russian parliament yesterday on the Bialystok report an orthodox priest, Father Aramieff, a radical member from the Dan province, fiercely denounced the policy of the government, which he declared, instead of being directed to pacify the country, seemed to be deliberately provoking anti-Jewish riots and every manner of class and race strife by the spread of proclamations against the Jews and revolutionists.

The debate on the Bialystok report in the lower house of parliament was adjourned until Monday to permit the consideration of the ministry's bill appropriating \$25,000,000 for famine relief, which developed the sensation of the day, showing that the constitutional democrats have finally found a lever by which they hope to force the government to surrender control of the pursestrings, the vital object at which they have been aiming from the beginning.

Professor Hertzstein, chairman of the committee which reported the bill, revealed the important fact that M. Kokovsov, the finance minister, who appeared before the committee made no effort to conceal the desperate financial straits of the government. He informed the committee that the condition of the treasury was much worse than believed, and even impeached the figures given in this year's budget, made by M. Shipoff as conveying no adequate idea of the real state of affairs. He said the government was living far beyond its means, and agreed that it must retrench, but, he explained this could not be accomplished this year. Therefore, it was necessary to make a fresh loan to cover the famine relief.

Rescue of Balloonists.

After one of the most thrilling experiences of his life, James K. Allen, the veteran aeronaut, who left Providence, R. I., on Wednesday in a balloon, was rescued from drowning off Block Island by the crew of the fishing schooner Francis V. Sylvestra Thursday morning and brought into Boston harbor in tow of the tug Clara E. Via yesterday evening.

Mr. Allen ascended in his balloon from Providence in front of the Rhode Island statehouse, July 4, at 12:30 o'clock, in the presence of thousands of people and in the midst of a storm. The balloon was carried through Attleboro, where it bumped against a house and flagpole, breaking the latter.

Allen then lightened the balloon, which shot through a bank of heavy clouds. Here he lost his bearings and could not realize where he was until he passed over Provincetown and out to sea. This was at night. He let out 500 feet of rope, with a drag anchor, which held him about 100 feet above water. Twice the balloon came down to the surface of the sea, but Allen climbed into the network of ropes each time.

At dawn he saw a steamer nearby and shouted, but she kept on her course. A little later a tug and barges passed and the tug answered his hail, but was unable to keep up with the balloon. At 7:30 in the morning he saw the Sylvestra with two dories out. Men in one of the dories caught his drag rope and the other came to his help. The balloon dragged both along at a lively clip for a while, but was finally held and Allen slid down the rope into the boat.

The balloon was recovered undamaged.
